STEM for Kindergarteners - Mondays from 12:30 - 3:00 p.m.

Registration Fee \$75.00

Cost \$1,035/year or \$115/month for 9 months

Science, Technology, Engineering and Math are taught to kindergarteners with a hands on approach. In the large group the children will learn about the topic of study and then have the opportunity to perform experiments and explore materials to better understand the concept. Topics to be covered are light, color, electricity, chemistry, energy, motion, building, water, sound and air. The children will walk away from this class with a better understanding of STEM as well as a love for learning.

Art and Games for Kindergarteners - Wednesdays from 12:30 - 2:15p.m.

Registration Fee \$75.00

Cost: \$720/year or \$80/month for 9 months

As your child gets older, there are less and less opportunities to explore with art. This class gives your child time to create masterpieces with imagination being his/her only limitation. Using a variety of mediums, the students will paint, sculpt, draw, and collage each week. The free expression allowed in this class will build self confidence and pride in one's work. While the artwork is drying, the students will join together for some good old fashion fun and games like kickball, parachute play, Hi-Ho Cheerio and more!

Lunch Bunch Time - supervised playtime and nutritious lunch between Kindergarten and Enrichment Class
Price to be determined.

Please mark which class(es) you want to sign your child up for and submit the non-refundable registration fee(s) to Methodist Preschool to reserve your spot. Tuition can be paid up front for the entire year or invoiced monthly over nine months at the amounts listed above. Registration will be refunded if minimum enrollment is not met and the Enrichment Class is canceled.
